TOPLAS submission “The Denotational Semantics of SSA”

Dear colleagues:

Jad Ghaleyini and I would like to submit our paper, *The Denotational Semantics of SSA*, for consideration for publication in TOPLAS. This work is all original research which has not previously been published in any peer-reviewed venue. Furthermore, there are no parallel submissions of any papers containing any part of this work.

We would also like our paper to be additionally considered for presentation at the POPL conference.

Best regards,

Neel Krishnaswami
